## Artist Salons

The Pine Bush library is hosting an Artist Salon Series. For our 4<sup>th</sup> and last program on Dec 8<sup>th</sup> we present Craig and Pam Booth, the husband and wife team behind "Car-toons by Booth:" a business and gallery they established and operate in Gardiner, NY. This year's program features "Artist Partners." The two partners will present their work and talk about their lives, relationship and careers as artists. The informal presentation will be salon style, after the famous 1930's Coffee House Salons of Paris. (Coffee and refreshments will be served.)

The program coordinated by, Meadow a Mixed-Media Artist, and Doris Callan, Director of the Pine Bush Library, is funded by Decentralization Program, a regrant program of the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature and administered by Arts Mid-Hudson.
